Re: Marianne Truelsen
To: Whom it may concern

This letter is to verify that we visited our neighbours at Flottbeker Stieg 21 about sixteen weeks ago. At this time I spoke with Mrs. Marianne Truelsen, and we chatted about the similar names and some neighbourly issues. She declined to join us outside for coffee as she did not feel too well on that day. However, we spoke again before we left and it was my impression that she was lucid and friendly on that day. We did speak in English Language.

Best regards,
